

MAKE YOUR POND SPARKLE and LEAVE POND MAINTENANCE TO OTHER POND OWNERS

with Macro-Zyme™+. This unique blend is the pond professionals choice for building and maintaining a healthy pond, water garden, and bio-filter. It is a blend of highly concentrated natural bacteria and enzymes that rapidly biodegrades sludge, improves water quality, decreases suspended particles and solids, removes Chlorine and Chloramines, and eliminates odor. It also reduces or eliminates Ammonia, Nitrite, Nitrate, and Phosphate. Once introduced, Macro-Zyme™+ quickly and effectively accumulates harmful organic material to the bottom of the pond where billions of beneficial bacteria work around the clock to neutralize and purify the water. Used by professionals **Since 1993**, this unique all-season professional grade formula is the **FIRST** on the market to introduce the synergistic affects of combining blue pond dye, beneficial bacteria along with clarifiers, chlorine and chloramines removers, and electrolytes to create a total pond management product in one package. All-season formula keeps ponds healthy no matter the season.

Easy to use: Just toss the water soluble (ws) bags or bulk product into your pond as directed. Shelf life of at least two years. These bacteria will flourish when combined with some type of aeration.

Part #	Description	Ship Wt.	UPCCodes	Dosage
MZP1	6pk 1 oz ws bags	1#	727168607017	1 oz treats up to 400 gallons

MZP8	8 oz ws bags	1#	727168607581	8 oz bag treats up to 3200 gallons
MZP8C	Case of 40 - 8 oz ws bags	22#	727168607529	Case of 40 treats up to 128,000 gallons
MZP25	25# bulk in bag in box no ws bags	26#	727168608014	25# bulk treats up to 160,000 gallons

- 6 pks of 1 oz ws product comes in retail ready plastic jar

MAKE YOUR POND SPARKLE

with Macro-Zyme™. This product is the perfect choice for the control and elimination of sludge and foul odor in tanks, ponds, and lakes. Once introduced, Macro-Zyme™ quickly releases billions of friendly and beneficial bacteria and enzymes that work around the clock to clear, neutralize, and purify water. Used by professionals since 1991, this concentrated professional grade formula was the first on the market to introduce a 1-step maintenance program that utilizes natural bacteria and enzymes to rapidly biodegrade top and bottom sludge while reducing components that contribute to sludge build up in ponds of all sizes. Will also reduce nitrates and phosphates. These bacteria as well as the bacteria in Macro-Zyme™+ will:

- Reduce odors in 24 hours or less
- Rapidly remove dead grass, leaves, paper, fish waste and sludge
- Clear water and help restore a healthy oxygen level

Easy to use – Just toss the water soluble bags or apply the bulk product at the recommended rates. Shelf life of at least two years. These bacteria will flourish with the addition of aeration.

Part #	Description	Ship Wt.	UPCCodes	Dosage
MZ1	6pk 1 oz ws bags	1#	727168605013	1 oz treats up to 1000 gallons
MZ1C	Case of 6 - 6pks of 1 oz ws bags	3#	727168605020	Case of 6 treats up to 6000 gallons
MZ8	8 oz ws bags	1#	727168605587	1 - 8 oz bag treats 1/2 acre ft
MZ8C	Case of 40 - 8 oz ws bags	22#	727168605525	Case of 40 treats 20 acre ft
MZ25	25# bulk in bag in box no ws bags	26#	727168606010	25# bulk treats 25 acre ft

- 6 pks of 1 oz ws product comes in retail ready plastic jar

Calculations

- * Length (ft) x Width (ft) x average depth (ft) x 7.48 = total gallons
- * One acre-foot (43,560 cubic feet) is the volume of water sufficient to cover an acre of land to a depth of 1 foot which is = 325,851 gallons

Macro-Zyme™ +

Unique product to the industry

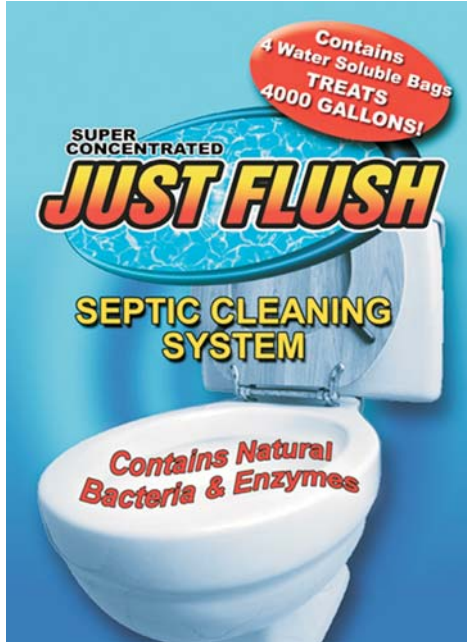

Besides bacteria it includes:

- Kasco-Blocker™ blue dye reduces the harmful effects of UV penetration while providing a shade indicator to let you know when it is time to retreat.
- Trace elements and electrolytes which include Mg, Na, and K to aid in the development of fish body tissue and to stimulate the bacteria.
- A clarifier to bind particles and clear water in hours.
- Chlorine and chloramines remover.

Macro-Zyme™

Macro-Zyme™ Just Flush

The Strongest Natural Way to Keep Your Septic System Clean

This special blend of bacteria eats waste, eliminates odor, and reduces pumping expenses within septic systems. Just flush it into your toilet, and it immediately begins to degrade paper, organic wastes, fats proteins, grease, starch and more throughout your septic system. It will also help water absorption in your drain field making the system more effective. Four packs of 1 oz. just flush come in retail ready box and are only sold in cases of 12 that are meant to be broken down to sell as individual 4 pks of 1 oz material.

Part #	Description	Ship Wt.	UPCCodes	Dosage
MZJF1	Case of 12 - 4 pks of 1 oz water soluble bags	6#	727168609011	Case = 48 treatments Repeat Monthly
